

PCI SuperVac: All Work, No Play

The SuperVac provides the same high quality PCI Manufacturing customers have come to expect with its vacuum trailers in a smaller, skid-mounted footprint. Designed for placement next to rigs for quick cleanup on the floors, deck and cellars, it's also versatile enough to be used at refineries, industrial, environmental or manufacturing locations. Made to perform with a variety of safeguards to protect both the asset and personnel, the PCI SuperVac is the most efficient way to quickly clean up fluid spills in remote locations.

We keep our word, so you can keep yours.

Our equipment is built to provide you with a long-term investment while meeting OSHA safety standards. PCI Manufacturing's low-maintenance, mobile designs ensure that your investment can be used again and again.

Standard Tank Specifications:

- Barrel Capacity: ~30 bbl
- Overage: +/- 1%
- Gallons: 1,260
- Barrel Metal Description/Thickness: SA-35 Carbon Steel, ¼"
- Vacuum Connection Points: 5

Vacuum Hose Connection Type: Aluminum Cam Lock Fittings

- Valve Type: Brass, Lever Operated Gate
- Mounting Type: Oilfield Skid (I-beam)
- Pump/Motor Mount: Detachable
- Design Pressure/Vacuum: 15 Hg/psi
- Primary Scrubber: Chandler 12" with 8" stainless ball/cage
- Secondary Scrubber: Chandler 10-gal, with 8" stainless ball/cage
- Tank Drain Design: wedge sump
- Internal Baffles: none
- Motor: Baldor Reliance, Super E (Optional: Leeson, Explosion Proof)
- Pump: Jurop RV360
- Controls: Adalet, XCE 21206 N4 (explosion proof)

Safety features:

- 30-minute run time, auto shut-off
- Phase indicator light (3-phase motor, on/off)
- Auto motor shut-off, at <3 phase current
- Motor rotation indicator light (on/off)
- Pump/motor operating light (blue)
- Bypass switch with 2-minute max run time with indicator light (red)
- Emergency kill switch, remote operated
- Floor operated start / stop switch (remote)
- Vacuum/pressure switches, auto shut-off at pre-sets
- Mechanical pressure / vacuum reliefs
- Automated pump/motor shut-off at tank capacity (override option available)

Options:

PCI Manufacturing offers the options listed below, allowing customers to create a custom tank, built to satisfy their specific needs.

- Roll off or Skidded
- Custom Pre-sets (pressure, vacuum, full indicators)
- Leeson, Explosion Proof Motor
- Kubota 3 Cylinder Diesel Motor (self-contained)
- Jurop RV520 Pump
