

SIDUMP'R Trailers - Still Faster, Still Stronger and Still More Reliable!

Located in Plainview, NE, Sidump'r Trailer Inc, has been a leader in the side dump industry since 2000. While the trailer industry is constantly evolving, and many changes have occurred in recent years, one thing has remained steadfast - the continued commitment to our Sidump'r Trailer customers that we will provide them with the work-horse of the side dump trailer industry.

We know that our customers need a tough and innovative trailer that won't let them down in the field. We are committed to providing the best design and manufacturing processes available and will continue to equip our trailers with quality brand names that have been tried and true in the industry for years. It is our commitment to excellence that makes us proud to produce trailers that we call Sidump'r.

From the operator that owns one Sidump'r Trailer, to the corporation that runs a fleet of more than 30 Trailers, our promise remains the same - we will build a side dump trailer that is tough enough to continually perform under tough conditions. We aren't just a highway trailer. . . .
