

Minimizer offers a variety of semi truck fender styles, colors and options. With an outstanding reputation of quality, durability and style, our fenders will enhance your trucks appearance and lifespan. Minimizer plastic truck fenders never rust because they are 100% Polyethylene. The color is molded throughout so fender chips, scuffs and scratches can't be seen. The fender never needs to be painted and never fades. The Minimizer™ fender itself should never need maintenance other than the occasional wash using any all purpose cleaner.

"The Minimizer fenders accent the truck with a definite 'ah hah! They make a definite 'show truck' look." Don Turkelson,-Winner of 2008 "Back on the Road" contest
