

SIDUMP'R Trailers - Still Faster, Still Stronger and Still More Reliable!

Introducing the new closed tandem Sidump'r SDR249 side dumping trailer. With a 49" closed tandem, maneuverability and increased tire life make this trailer a superior option when considering a tandem axle side dump trailer.

The same quality and commitment you have come to expect from Sidump'r!

The Sidump'r Difference

One cylinder system

- Faster dump cycle times
Exclusive 2 year warranty on cylinder from Mailhot Industries

Superior tub design

- No center divider allows the versatility to haul a variety of materials and allows for an evenly distributed load. Dump on the go or stationary.
- One-piece tub made out of tough Hardox AR450 "Abrasive Resistant" steel from Sweden
- 36' interior length with 38' and 40' available on select models
All tubs come tarp ready for positive containment and safety

Air ride suspension

- Air-ride suspensions offer increased stability and safety
Standard on all models

Other Standards

- Air Weigh scale
- 22.5 16 ply tires on steel rims
- LED Lights
- Four paint colors they can mix or match ex:
(Black frame with yellow tub)
